

# Andrés Vázquez

## Full Stack Developer · Frontend Specialist

andyvazquezdev@gmail.com +54 11 4917 9766 Buenos Aires, Argentina  
linkedin.com/in/andres-vazquez-developer github.com/Andyvaz1 andyvazquez.dev

### PROFESSIONAL SUMMARY

Bilingual Full Stack Developer based in Buenos Aires, specializing in modern frontend with React, Next.js, and TypeScript. I take projects from idea to production — leading development, designing interfaces, and building scalable backends. Strong background in team collaboration, technical leadership, and client communication.

### PROFESSIONAL EXPERIENCE

**Freelance Front End Developer** · WPP Production Feb 2026 – Mar 2026

Frontend development for the website of one of the world's most important tech companies. Included technical documentation and project management support.

**Freelance Front End Developer** · WPP Production Jul 2025 – Sep 2025

Frontend development for the website of one of the world's most important tech companies.

**Lead Developer** · Grupo DAP Mar 2025 – Jul 2025

Development, design, and product management of a web app for Argentina's leading blinds and pergolas manufacturer.

**Freelance Full Stack Developer** · Nicolás Taccone PhD Apr 2025 – Apr 2025

Professional profile web app for a Political Science PhD.

**Freelance Full Stack Developer** · Odontología Juramento Dec 2024 – Feb 2025

Internal management system for a dental office: clinical history, appointments, and Google Calendar API integration.

**Freelance Full Stack Developer & Project Leader** · Desarrollo Sur Oct 2024 – Dec 2024

Led the full development of an urban advisory platform with a credits system, admin panel, and content management.

**Freelance Full Stack Developer** · Arcadia El Caracol Jun 2023 – Jul 2023

Landing page and backend with automated mailing system for a real estate project in Uruguay.

**Front-End Developer (Internship)** · Uils Mar 2023 – Sep 2023

Development of public profiles and back office for users.
